

1.7 / Moonlit forest track

Measured proposal: rescue, reunion, short woodland route and a fixed lookout over future Bellwether.

A SHORT CHAPTER, NOT A BIGGER FOREST

76.3 m proposed trail; 2.4 m clear walking width.

F02: 6.4 m reunion pocket. F04: 7 m lookout.

Undulation: 33.6 → 31.0 → 31.3 → 30.4 m.

Centreline grades: max 7.3%; test walk + run.

2 m contours derive from the shared terrain grid.

No forest bridge, new fight or forced camera.

STAGING / STORY CONTRACT

F01 Separate finale opening and fixed rope anchor.

Tomb interior alignment is still to be surveyed.

F02 Safe grounded reunion; fresh lantern raise.

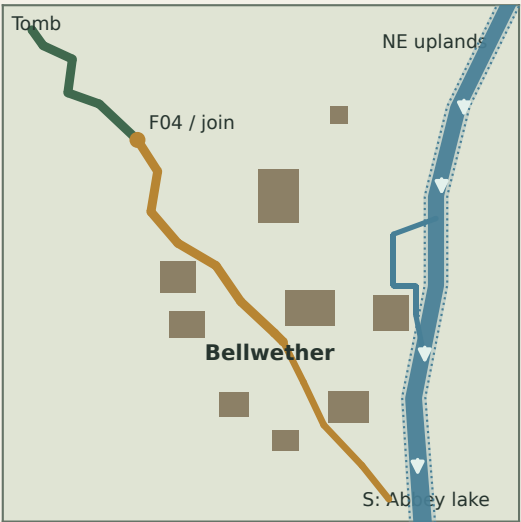

Kit reacts only once the lantern is presented.

F03 Optional inscription pause; content remains draft.

F04 Kit waits; player retains control and backtracking.

Honest 1.7 endpoint, no oversized road wall.

Gold: path / Dashes: future road / Rust: chapter limit
SAME GRID / FIXED CONNECTION

1.7: town = low-detail exterior shell only.
1.8 activates the same footprint; no relocation.
View corridor toward church/tavern is a target, not a verified sightline.
